SCHOOL BOARD EVALUATION

Why Should Boards Conduct a Self-Evaluation?

Even though there is no legal obligation for the board of education to evaluate itself, the New York State School Boards Association (NYSSBA) recognizes the value of an annual school board self-evaluation. Effective boards engage in a continuing process of self-assessment and use the results to identify opportunities for improvement. More importantly, NYSSBA believes it is the responsibility of the board to help drive school improvement and student achievement. The board’s willingness to engage in self-assessment acts as a model for the rest of the district. It indicates that board members take their responsibilities seriously. Their interest in self-improvement sets a tone for others in the district to engage in an ongoing review of their own performance.

THE ONGOING BOARD SELF-ASSESSMENT CYCLE

SCHOOL BOARD EVALUATION

This evaluation model offers a three-part guide for evaluating the school board:

Part I is based on standards and professional practices derived from school board best practices and a review of sample board evaluations. Each standard in Part I will be reviewed and rated.

Part II is based on the specific board development priorities of the board itself. Collectively, the board should define three to five objectives that focus on the board's own development for the year. In Part II, an assessment will be made with regard to the successful completion of these annual objectives.

Part III is the final performance summary sheet. It provides a final rating of the board's performance standards, annual objectives, cumulative comments, and recommendations for improvement in the following year.

HOW TO USE THIS EVALUATION MODEL

The entire board should participate in the process from start to finish, and the board president or an assigned designee is responsible for expediting the evaluation process. Evaluating the performance of the board is not the same as evaluating individual trustee performance. The purpose of the evaluation is to look at the board as a whole, although a side benefit may be that individual board members gain more insight into their roles and responsibilities.

1. Begin with a pre-assessment meeting among all board members to review and agree on the instrument, the process, and the evaluation timeline. Collectively, board members should review the standards of performance, as well as identify the annual board objectives based on the needs and priorities of the board.
2. Determine if the evaluation process will occur only once, at the end of the school year as a summative (final) evaluation, or will also include a mid-year (informal) formative evaluation.
3. It is recommended that each board member individually complete his/her own self-assessment instrument.
4. The board president or designee collects all individual board member instruments and compiles the results and comments.
5. Designate a special workshop session for teambuilding with board members and the superintendent to discuss the evaluation results and provide an overall performance rating and a final comment summary with recommendations for improvement. At the same time, the board should define priority objectives for the upcoming year.

PERFORMANCE STANDARDS AND RATING SCALES

The five (5) standards of the board of education:

1. **Vision, Leadership & Accountability** – The board of education commits to a vision of high student achievement and effective instruction, specifies clear goals to realize that vision, demands accountability for results, and supports continuous improvement of the district.
2. **Board Governance & Policy** – The board of education works effectively as a team and collaborates with the superintendent, exhibits a shared understanding of board and superintendent roles, maintains a set of board operating procedures, and leads/governs the district through policy.
3. **Communication & Community Relations** – The board of education effectively communicates with the superintendent and the local community, represents community interests and values, and ensures district information and decisions are communicated to the community.
4. **Fiscal Resources, Staff Recruitment & Environment** – The board of education oversees the fiscal conditions of the district, aligns resources to meet district goals, ensures appropriate policies for staff recruitment and retention, supports districtwide learning and promotes conditions for health and safety.
5. **Ethical Leadership** – The board of education promotes the success of ALL students and staff, and conducts district business in a fair, respectful and responsible manner.

Performance ratings will use the HEDI scale which is familiar to most New York schools.

Rating Scale – Highly Effective, Effective, Developing, Ineffective (HEDI)

Highly Effective	Effective	Developing	Ineffective
Performance exceeds the criteria	Performance meets the criteria	Performance is inconsistent and partially meets the criteria	Performance does not meet the criteria and requires significant improvement
Noteworthy evidence and observation demonstrates the board’s exemplary performance. The board has exceeded the criteria and has consistently had a positive impact on board operations and relations with the superintendent, staff and community. The board should cite specific data or evidence that supports this rating.	Noteworthy evidence and observation demonstrates the board’s effective performance. The board has satisfactorily met the criteria and has shown an improvement in board operations and relations with the superintendent, staff and community. The board should cite specific data or evidence that supports this rating.	Noteworthy evidence and observation demonstrates that the board’s performance has made moderate gains – or maintained the status quo – in board operations and relations with the superintendent, staff and community. The board should cite specific data or evidence that supports this rating.	Noteworthy evidence and observation demonstrates the board has not met the performance criteria and has had a negative impact on board operations and/or relations with the superintendent, staff and community. The board should cite specific data or evidence that supports this rating.

RECOMMENDED GUIDELINES

How do board members conduct their evaluation fairly and objectively?

It is the responsibility of the school board to identify where it is performing well, and where it might improve. There will always be some subjectivity; no instrument is completely objective. The evaluation should foster a thorough and fair analysis of the board's performance and prompt discussion among board members that will lead them to becoming a stronger, more cohesive governance team.

Consider these things when conducting the board's evaluation:

- Give the review the time it deserves
- Maintain a respectful, professional process
- Focus on standards and results
- Ask each board member to complete a self-assessment
- Use multiple sources, both evidence-based and observation
- Identify strengths in performance to build upon
- Address poor results with tact and constructive criticism
- Give recommendations for improved performance where needed
- Go beyond conclusion reporting, consider a problem-solving focus
- Encourage a professional development plan for the board and its members
- Conclude the evaluation by outlining priority board objectives for the coming year

THE TIMELINE: THE SCHOOL BOARD EVALUATION CYCLE

SUGGESTED TIMELINE FOR SCHOOL BOARD EVALUATION	
SUGGESTED TIMELINE	ACTION
Summer	1. The board confirms the district's vision, mission, and core values, and develops the annual goals for the district.
Summer/Early Fall	2. The board collectively defines its own annual priority objectives that have measurable targets to be completed in 12 months, and are in alignment with the district goals. 3. The board's professional development plan is reviewed and supports the board professional development goals and annual priority objectives.
Fall	4. The board reviews and agrees upon the evaluation process, instrument, rating method and possible supporting documents/information/data to be used to measure performance. 5. The board president will review the evaluation process and instrument with new board members.
Early Winter	6. The board may conduct an informal mid-year formative performance assessment.
Spring	7. Individual board members complete the self-evaluation instrument and submit their completed instrument to the board president or designee for compilation. 8. Shortly thereafter, board members and the superintendent meet in a special teambuilding workshop session to discuss their evaluation results and determine the board's official evaluation rating and commentary. Professional development suggestions may be included as part of the final evaluation.
Summer	9. Repeat cycle.

RATING THE SCHOOL BOARD ON PERFORMANCE STANDARDS

Instructions for rating the performance standards

Individual board members may rate the board’s professional practice as shown in the example below. Board members may place an “X” in the box that best describes the board’s performance in that professional practice area and then determine the overall rating for the standard area based on the HEDI rating scale. Consider the importance of the professional practice if an overall performance rating is not clearly evident.

USE AN “X” TO MARK THE RATING OF EACH AREA

PART II

SCHOOL BOARD ANNUAL OBJECTIVES

Instructions for Rating the School Board on Annual Objectives

It is recommended that boards develop their own annual objectives specifically designed to enhance board performance. When evaluating the board's performance, board members should review data, and other sources of evidence to demonstrate the progress made toward and/or attainment of each objective.

Each annual board objective defines the expected outcomes, such as this sample: *"The school board will establish a subcommittee that will be charged with developing a New Member Orientation plan for new board members by May 1st of the coming year"*.

THE SMART MODEL

Identifying annual objectives should define priorities and issues unique to the board and to the district. Three to five key annual objectives should be developed that follow the SMART model (specific, measurable, achievable, relevant and time-bound). Optimally, the objectives are within the scope of the board's control. Benchmarks showing progress at certain intervals throughout the year may be reported and applied to each objective.

Specific

- Define expectations
- Avoid generalities and use verbs to start the sentence

Measurable

- Quality, quantity, timeliness and cost

Achievable

- Challenging, but attainable goals

Relevant

- Link the goal to higher level district goals where appropriate

Time-bound

- Set timelines to complete the goal with benchmarks to indicate progress

Note: While it is recommended that annual objectives be developed each year, it is understood that in some instances they may not be developed.

ANNUAL SCHOOL BOARD OBJECTIVES

Annual objectives and evidence of progress need to be identified before completing this sheet.

For the board member’s convenience, the district clerk can prepopulate this chart with the board’s annual objectives.
